## PROFILE

Computer Science student at Bina Nusantara University with hands-on experience across full-stack development, graphic design, and applied machine learning, and is building a first indie game in Godot. Builds software end-to-end, from that game in active development to published research. Seeking an internship placement.

## EDUCATION

### Bina Nusantara University (BINUS)

Ongoing

*B.S. Computer Science*

Relevant coursework: Artificial Intelligence, Object Oriented Programming, Data Structures, Algorithm Design & Analysis, Database Technology, Software Engineering, Computer Networks, Game Design, User Experience, Extended Reality, Multimedia Systems, Research Methodology, Computational Biology. In progress (Semester 5): Game Programming, Web Programming, Computer Graphics, Operating System, Compilation Techniques, Venture Creation.

### SMK Katolik Santa Maria, Pontianak

2021 – 2024

## PROJECTS & RESEARCH

### Waste Classification System

IEEE-published

- Trained an EfficientNet-B0 image classifier on the TrashNet dataset, reaching 94% accuracy.
- Published the work as an IEEE paper with an accompanying research poster.

### Bad Impression — Indie Game

In development

- Top-down farmyard idle/incremental game built in Godot 4.3 (GDScript) with pixel art.
- Planned release on itch.io and Steam.

### SII as a Prognostic Marker in DLBCL

Ongoing

- Systematic review and meta-analysis assessing pretreatment Systemic Immune-Inflammation Index (SII) as a low-cost, CBC-derived prognostic marker in Diffuse Large B-Cell Lymphoma.

## EXPERIENCE

### Intern — Giant Palace

Jul – Sep 2023

*Printing & Merchandise Studio, Pontianak*

- Designed and produced print and merchandise artwork: banners, booklets, and custom products such as personalized pens and red envelopes.
- Finished physical products by applying custom prints to tote bags, shirts, and mugs.

## SKILLS

**Languages & Frameworks** Python, C#, Vue.js, FastAPI

**Game Engines** Godot, Unity

**Data & ML** MariaDB / MySQL, ChromaDB, ML frameworks

**Other** Android AR (ARCore), LaTeX, Graphic Design
